

UventexLabs

United States (USA)

## Letter of recommendation.

Sudavnyy Mykola during his work at UventexLabs from 01.02.2022 to 20.07.2022 showed himself to be a responsible and sociable employee.

Carefully approached the fulfillment of the tasks assigned to him:

- layout of HTML letters for automatic distribution using SendGrid
- site localization
- implementation of adaptive site blocks using the Angular framework, TypeScript and CSS in accordance with the redesign
- QA testing of the project

Proficient in using the Git version control system

Moisey Gershberg
